Table with 2 columns and 4 rows containing special communication requirements, proposed procedure, other procedures, and anaesthetic/blood transfusion information.

Statement of health care professional (to be filled in by health care professional with appropriate knowledge of proposed procedure, as specified in Consent Policy)

I have explained the procedure to the patient. In particular, I have explained the following.

Benefits: the intended benefits of this procedure/treatment are:

- To remove stones from inside of kidney

Risks: Common

- Short-lived temperature
Temporary presence of blood in urine
Temporary insertion of a bladder catheter and ureteric stent / kidney tube needing later removal

Occasional

- Occasionally more than one puncture site is required
No guarantee of removal of all stones & need for further operations
Recurrence of new stones

Rare

- Severe kidney bleeding requiring blood transfusion / surgical removal of kidney
Damage to lung, bowel, spleen, liver requiring surgical treatment / procedure
Kidney damage or infection needing further treatment
Over absorption of fluids into blood system causing strain on heart function

Alternatives: I have also discussed what the procedure is likely to involve and any concerns of this patient. I have also discussed having no treatment and the following alternatives:

- External shock wave treatment. Open surgical removal of stones. Observation.

Further supporting information – I have provided the following leaflet / tape

Statement Of Patient

Please read this form carefully. If your treatment has been planned in advance, you should already have your own copy, which describes the benefits and risks of the proposed treatment. If not, you will be offered a copy now. If you have any further questions, do ask – we are here to help you. You have the right to change your mind at any time, including after you have signed this form.

- I agree to the procedure or course of treatment described on this form.
I understand that you cannot give me a guarantee that a particular person will perform the procedure.
I understand that I will have the opportunity to discuss the details of anaesthesia with an anaesthetist before the procedure, unless the urgency of my situation prevents this.
I understand that any procedure in addition to those described on this form will only be carried out if it is necessary to save my life or to prevent serious harm to my health.
I agree that any tissue removed and the results of diagnostic tests may be used for teaching, audit and research that could benefit other patients.
I have been told about additional procedures, which may become necessary during my treatment. I have listed below any procedures, which I do not wish to be carried out without further discussion.

Dotted lines for listing additional procedures.
