**Statement of health care professional** (to be filled in by health care professional with appropriate knowledge of proposed procedure, as specified in Consent Policy)

I have explained the procedure to the patient. In particular, I have explained the following.

**Benefits:** the intended benefits of this procedure/treatment are:

- To improve drainage of kidney and pain

**Risks: Common**

- Temporary insertion of a bladder catheter and wound drain
- Further procedure to remove ureteric stent – usually a local anaesthetic

**Occasional**

- Bleeding requiring further surgery or transfusions

**Rare**

- Recurrent kidney or bladder infections
- Recurrence can occur needing further surgery

**Very rarely**

- Entry into lung cavity requiring insertion of temporary drainage tube
- Anaesthetic or cardiovascular problems possibly requiring intensive care admission (including chest infection, pulmonary embolus, stroke, deep vein thrombosis, heart attack and death)
- Need to remove kidney at a later time because of damage caused by recurrent obstruction
- Infection, pain or hernia of incision requiring further treatment

**Alternatives:** I have also discussed what the procedure is likely to involve and any concerns of this patient. I have also discussed having no treatment and the following alternatives:

- Observation. Telescopic incision. Dilation of area of narrowing. Temporary placement of plastic tube through narrowing and laparoscopic repair.

**Further supporting information – I have provided the following leaflet /tape** \_\_\_\_\_

Statement Of Patient

Please read this form carefully. If your treatment has been planned in advance, you should already have your own copy, which describes the benefits and risks of the proposed treatment. If not, you will be offered a copy now. If you have any further questions, do ask – we are here to help you. You have the right to change your mind at any time, including after you have signed this form.

- I agree to the procedure or course of treatment described on this form.
- I understand that you cannot give me a guarantee that a particular person will perform the procedure. The person will, however, have appropriate experience.
- I understand that I will have the opportunity to discuss the details of anaesthesia with an anaesthetist before the procedure, unless the urgency of my situation prevents this. (This only applies to patients having general or regional anaesthesia.)
- I understand that any procedure in addition to those described on this form will only be carried out if it is necessary to save my life or to prevent serious harm to my health.
- I agree that any tissue removed and the results of diagnostic tests may be used for teaching, audit and research that could benefit other patients.
- I have been told about additional procedures, which may become necessary during my treatment. I have listed below any procedures, which I do not wish to be carried out without further discussion.
